

**Completing a Location Grid.**

You can use whatever criteria are important to your location decision to complete a location grid analysis. Score each criterion based on some weight that reflects the importance or significance of that factor to you.

<b>Criteria:</b>	<b>Weight</b>	<b>Location 1</b>	<b>Location 2</b>	<b>Location 3</b>
Accessibility	20			
Competition	10			
Business Environment	10			
Resources	10			
Site availability and Regulations	10			
Costs	20			
Physical Layout	20			
Total	100
