

Completing a Location Grid.

You can use whatever criteria are important to your location decision to complete a location grid analysis. Score each criterion based on some weight that reflects the importance or significance of that factor to you.

Criteria:	Weight	Location 1	Location 2	Location 3
Accessibility	20			
Competition	10			
Business Environment	10			
Resources	10			
Site availability and Regulations	10			
Costs	20			
Physical Layout	20			
Total	100
